

# Microsoft SharePoint Workflow Made Simple

## Are you getting the most out of Microsoft SharePoint?

Current Microsoft SharePoint WSS 3.0, MOSS 2007 or SharePoint 2010 Customers must ask themselves:

- ✓ Are we underutilizing our SharePoint investment?
- ✓ Do we struggle with Developing, Creating and publishing Workflow Processes?
- ✓ Would we benefit from Tracking and reporting Workflow processes?
- ✓ Do our developers waste time coding and designing workflow processes?
- ✓ Is our organization impacted from incomplete or nonexistent workflow documentation?
- ✓ Would our organization benefit from increased employee efficiency?

...If you answer yes to any of those questions above then you must attend this VICCS, Inc Workflow and Business Process Automation Webinar.
