

Leading Technologies For Leading Agencies

Electronic Content Management (ECM) & ERP Symposium

Event Overview:

With over 19,000 employees, and 27 institutes and centers located nationwide, collaboration can seem like a daunting task. The National Institute of Health leaders have recognized these challenges. To support these challenges, Vertex Information and Computer Consulting Services, Inc., (VICCS), a Content Management and ERP industry leader, in collaboration with the Office of CIT, will be sponsoring an open technology discussion Forum featuring guest speakers from IBM® & Microsoft® and NIH technology decision makers to discuss pain points & implementation strategies related to:

- ✓ SharePoint organizational rules
- ✓ SharePoint Indexing and how it relates to searching
- ✓ Data Capture into SharePoint
- ✓ Web Publishing with SharePoint
- ✓ Automated Workflow and SharePoint
- ✓ Electronic Forms processing and SharePoint
- ✓ Designing applications for SharePoint
- ✓ Records Management for SharePoint
- ✓ SOA
- ✓ Gov 2.0 – Social networking

VICCS, Inc., has recognized the need for additional usability of ECM applications and the best practices which should be executed with to implement successful projects such as:

- ✓ Web Portal Development
- ✓ Automated Web Publishing
- ✓ ECM Workflow for many applications like document approval and collaboration
- ✓ Back Office (Documents Online, Accounting, AP, AR, Travel, and Billing, and Integration with Financial Systems)
- ✓ Records Management (Patient Electronic Medical Record, Clinical Trial Information, Drug Information, etc.)
- ✓ ECM Security in SharePoint Applications
- ✓ Governance Rules and Strategy for SharePoint ECM

Subject matter experts are available to engage in a Q&A panel session.

Who Should Attend:

- ✓ State & County Decision Makers: CTO's, CIO's, CFO's, Project Managers, Team leaders, Implementers
- ✓ Procurement Strategists & Contracts Personnel

Panel Discussion with Industry Leaders:

VICCS Inc. has over 20 years of IT Software and Development & System Integration experience related to ERP, ECM, Database Design, Web Architecture, and Business & Financial Solutions for Federal, State & Local Governments. Mr. Robert Weiner, ECM & ERP Director of Sales & Marketing for State & Local, VICCS Inc., with 33+ years of technology experience will lead the discussion.

Agenda:

- Welcoming Remarks Introduction & Agenda
- Current State of the ECM Industry
- Integration of ECM and Business Applications "VICCS Content Enabler Demo"
- IBM – ECM at a Enterprise Level
- Microsoft – Deploying ECM @ the Departmental Level
- Security and ECM
- Discussion Panel – VICCS, IBM & Microsoft
